

QUESTIONS & ANSWERS AS OF 01/25/2022

REQUEST FOR PROPOSAL NO: 352349

Question 1: Please provide Excel file for Labor Hour Proposal Breakdown (exhibit 1).

Answer: Excel spreadsheet has been attached (exhibit 1).

Question 2: Please explain how to present our option versus basic requirement pricing:
Example

| Labor Category | Base Hr. Rate | Base Estimated Hours | Option 1 Hr. Rate | Option 1 Estimated Hours | Option 2 Hr. Rate | Option 2 Estimated Hours |
|----------------|---------------|----------------------|-------------------|--------------------------|-------------------|--------------------------|
| | | | | | | |

Question 3: In the Exhibit 001 spreadsheet, do you want an estimate of hours for a full FY, or the approximate time of award through Sept. 30, 2022?

Answer: Yes, estimate hours on a fiscal year basis

Question 4: Do we also need to predict hours for potential future option years (up to 4 full years)?

Answer: Yes, please estimate hours for each of the option years

Question 5: Section 3 indicates there is no onsite work. Consequently, are we correctly assuming that we can ignore language in the SOW Sections 4.2 and 8.1 that refers to onsite work?

Answer: Onsite work is not anticipated, however, access to onsite data systems and HLAN is required. A LACS card can be obtained without HGET but does require an online training course Unclassified Computer Security for HLAN access
